

Hardware Engineer (m/f)

We have to increase the capacity of our hardware team. Thus, we are looking for a hardware engineer (m/f) for the following tasks.

Requirements

- Initial bring-up measurements of hardware
- Hardware measurements and tests, production tests
- Quality tests and inspections
- Eventually board design (depending on your skills)
- English fluent in spoken and written required, German welcomed but not required
- University degree preferred but not required

Your application

We do not expect miracles but spirit and dedication. We are acting as a team. Thus, you have to be a team player as well.

Oregano Systems does not care about your age/gender/race/religion/mother tongue. The thing that counts are skills, communication and team spirit. We offer a full time position in our team known for its familiar atmosphere.

Please send your application with the usual documents via email to cadek@oregano.at or use our web contact form. Your application will be treated confidentially.
