Software Engineer (m/f)

We want to increase the capacity of our software team.

Thus, we are looking for a software engineer (m/f) for the following tasks.

Our requirements

- Design and support of our syn1588® software
- Software development using C/C++
- Software development for Windows and Linux systems
- Hardware based software development
- English for reading, understanding, and writing of technical documentation
- English OR German for fluent internal communication
- University degree

Our environment

We do not expect miracles but spirit and dedication. We are acting as a team. Thus, you have to be a team player as well.

We are open minded regarding your age/gender/race/religion and do expect the same from you.

We support and encourage you to learn and grow.

We offer flexible hours, home office, subsidized meals, free coffee, and team events.

Salary: 28.000 – 70.000 € for a full time position, depending on your skills and experience

Your application

Please send your application, including your CV and a short letter of motivation, to cadek@oregano.at.
